LIFT CHAIR ACCESSORIES

LEG LEVELERS
Non-skid leg levelers keep your lift chair from sliding on a vast array of flooring.

HEAD & LUMBAR PILLOW
Adds additional support and comfort (in the same fabric the chair was ordered in) in the head or lumbar area.

LIFT CHAIR OVERLAY
Provides comfort and relaxation via a silicone soft gel top layer with airflow design, a moisture-wicking four-way stretch cover, and by reducing shear, moisture buildup and heat buildup.

DELUXE HEAT & MASSAGE

Heat & Massage is available on the Classic Collection (except the LC-215 and LC-205), Heritage Collection, and Elegance Collection.

Deluxe Heat and Massage features four massagers for extra intensity and deep relief to the upper and lower back, and two heat pads – one in the lumbar region and one under the knees. Regular Heat and Massage is also available, offering two massage units and one heat pad.

FOOTREST EXTENSION
A footrest extension adds approximately 4 inches of extension for the taller individual. It easily closes under the footrest when not in use.

LEATHER & VINYL WIPES
A package of 10 wipes that both clean and protect your leather or vinyls. They also replenish oils, remove ink and dry within minutes.

CLEANING KIT
This kit can be used with any lift chair fabric (excluding vinyl/leather) in order to remove almost any stain or odor.

PROTECTIVE PAD
The pad can hold up to one cup of fluid. Can be hand or machine washed in warm water on the gentle cycle.
LIFT CHAIR POSITION GUIDE

2-POSITION TV RECLINE
The 2-position TV recline is achievable on all Pride® Lift Chairs. This is a comfortable position for performing many relaxing activities including reading, watching TV, working on your tablet or for conversation with family and friends.

3-POSITION FULL RECLINE
The 3-position full recline is available on most Pride® Lift Chair models and puts you in a position ideal for napping or relaxing.

INFINITE-POSITION SLEEP RECLINE
The infinite-position sleep recline is perfect for taking a nap – whether quick or extended – or even for a full night’s sleep. Infinite-position Pride® Lift Chairs enable the backrest and footrest to move independently from one another so that a variety of positions can be reached.

TRENEDELENBURG POSITION
The Trendelenburg position, available on the LC-525, SR-525 and LC-576, elevates one’s feet higher than his or her head for increased comfort and relaxation.

ZERO-GRAVITY POSITION
The zero-gravity position, which can be reached on infinite-position Pride® Lift Chair models, positions one’s thighs and lower legs higher than his or her torso.
